ЕСЕНЕН ПАРАД

On September 1, at 10.30 a.m., the central city alley will become a place for games, entertainment, workshops and songs for children in the specially prepared Children's Holiday "Autumn Parade", during which they will get to know interesting facts about fruits and vegetables and also the autumn fertility! In an interactive games children will collect, sort and draw autumn fruits and vegetables. Several art workshops will provide the little ones with the fun of making colorful and diverse products themselves, such as sunflowers, a hedgehog, an autumn wreath, a caterpillar, an "autumn leaf" fan, snails, and they will color themed plaster figurines. Another fun corner will await the children of the holiday who like to draw. They will be able to do this enjoyable activity while drinking delicious fruit lemonade. Of course, the favorite face painting of all our little fellow citizens will be waiting for them in a special prepared corner. Another special corner for photos will provide an opportunity to capture the great emotions of the holiday. Huge fruits and vegetables will be one of the decorations for this exciting experience. And what's a holiday without treats? There will be a delicious ice cream corner for the children of Dimitrovgrad dedicated to the city holiday. The children's play "Autumn Parade" of the Vesel Theater - Veliko Tarnovo will be performed on the stage for the youngest fellow citizens.
