
MOBILE STATION FOR VACCINATION WILL BE OPENED ON THE DIMITROVGRAD MARKET

Thursday, 9 September 2021

A mobile station for vaccination against Covid-19 will be opened on the Dimitrovgrad market during the weekend, September 18 - 19, 8:30 - 13:00 h. The immunization team of RHI-Haskovo will be located in the parking lot in front of Mladost Sports Hall. The initiative belongs to the management of the municipality and aims to provide rapid vaccination against COVID-19.

The week after the start of the first school day is one of the strongest for the retailers, when many people from all over the country come to buy clothes, shoes and supplies for students.

The mobile vaccination station provides the following vaccines: Pfizer / BioNtech , AstraZeneka / Oxford, Moderna or Janssen / Johnson & Johnson . They are available while stocks last.
