

The school in the village of Radievo, Dimitrovgrad Municipality will be reconstructed by a project

Friday, 13 November 2020

Dimitrovgrad Municipality will implement a project for reconstruction of the school in the village of Radievo in accordance with the National Programme of Ministry of Education for building and reconstruction of nurseries and schools 2020-2022. The total amount of financial support is BGN 600,000. The project focus on creating of quality and comfortable teaching atmosphere for two groups of pupils – from 4 to 6 years old, which live in Radievo or in the surruondings. Realizing the activities, included in the project scope, it will be guaranteed the opportunity for the whole day teaching process in renovated studying rooms. The children will be educated in municipal teaching institution in the village where they live.
