

## Business catalog of the municipality of Dimitrovgrad

As mayor of Dimitrovgrad I am proud to open this business catalog which presents our city as one of the fastest growing investment destinations in Bulgaria. In this issue you will find useful information about business climate, local economy, labor costs and skills, and property market. However, what remains beneath the statistical figures is our responsible attitude as a local authority towards the needs of each investor, creating favorable conditions for partnership and cooperation.

As a result Dimitrovgrad has already become a preferred investment location for several international companies and is now an important part of the "industrial heart" of Bulgaria – Trakia Economic Zone.

Our strategic goal is to create a favorable environment for investors, bringing young and qualified people who want to live and work here and who will choose Dimitrovgrad for their new home because of its good quality for life and opportunities for development.

I hope this business catalog will make it easier for you to make key decisions for your business.

If you decide to invest in Dimitrovgrad I can assure you that my team and I will be there for you to provide more detailed information, partnership and administrative support.
