Wednesday, 10 January 2018

Citizens and legal entities in the Municipality of Dimitrovgrad can now pay the taxes due and the "rubbish" tax to the cash registers of the municipal Revenue department.

Transmission can also be done electronically via a POS terminal or in the branches of Bulgarian Posts.

Anyone can check the amounts due on the website of Dimitrovgrad Municipality, section "E-services", "Report on the taxes and fees due", by entering a Personal ID number or BULSTAT.

Those who pay their building tax and vehicle tax in full up to April 30 may benefit from a 5% discount.

It is important to know that cash receipts of the Revenue department work on weekdays, from 8.30 am to 5 pm, without interruption.
