

## INITIATIVE FOR PLANTING TREES IN THE "ALLEY OF THE NEW LIFE"

Tuesday, 27 February 2018

For the eighth consecutive year Municipality of Dimitrovgrad organized an initiative for planting of trees in the "Alley of the New Life". The idea is for parents and relatives of children born in the previous year to be able to plant decorative trees on their offspring.

Dimitrovgrad Municipality provides an opportunity for the parents to choose a place for planting the decorative tree of their child. It can be planted in the "Alley of the New Life" in Maritsa Park or in another suitable place to allow parents to take care of it.

In this connection, I kindly invite you to join the initiative, thus continuing along the tradition of creating a greener and cleaner city.

Your wish to participate in the afforestation can be claimed at Room ? 12 at the Municipal Center for Administrative Services of Municipality of Dimitrovgrad until 26.03.2018. An application form can be downloaded [here](#).

Planting and receiving the trees will take place on 1.04.2018. (Sunday) at 10.00 am in Maritsa Park, Dimitrovgrad.
