

PROJECT PRESS CONFERENCE №BG16M1OP002-5.002-0010 "ELABORATION OF AN AIR QUALITY PROGRAM OF DIMITROVGRAD MUNICIPALITY " DBFP №BG16M1OP002-5.002-0010-C01

Wednesday, 12 July 2017

On 13.07.2017 (Thursday) at 10:00 am in the hall of the 2nd floor in the Municipality of Dimitrovgrad will be held an initial press conference on the project "Elaboration of an air quality program of Dimitrovgrad Municipality" financed under Operational Program "Environment 2014 -2020 ", priority axis 5" Improvement of the ambient air quality ", co-financed by the European Union Cohesion Fund and the state budget of the Republic of Bulgaria. The financing of the project amounts to BGN 182,000.

The press conference will present the main objectives and activities of the project as well as the expected results in the implementation of the project.

The project envisages the development of an Ambient Air Quality Program (PM10) of Dimitrovgrad Municipality for the period 2019-2023. The aim of the program is to achieve the Dimitrovgrad air quality in compliance with the normative requirements, which to ensure the necessary degree of protection of the environment and the health of the population.
